

PWSD # 1 OF GASCONADE COUNTY MISSOURI
3408 B PEACEFUL VALLEY RD
OWENSVILLE, MO 65066
PHONE 573-437-7808
office.pwsd1@gmail.com

Minutes for the PWSD #1 of Gasconade County board meeting held on May 19, 2025.

Meeting was called to order at 4:55 by Mike Garlock. Those in attendance were Mike Garlock, Randy Fuller (by phone), Coy Altemeyer, Don Burrows and Laura Buck. Brian Gentges and Doug August were visitors.

Brian gave an update on the WWTF. He thinks in roughly 3-4 weeks it will be wrapped up with the exception of the mixer. They are still saying the mixer will be here mid-July. He has talked with Tony and they have decided not to start up before the mixer is in place. The bypass valve was put in last week. He will email a drawing on what is going to be paved in case we want to pave more. Paving will be the last thing they do. There is no room down there for an additional storage building.

Midstate is still planning on doing the rip rap at the lagoon.

- Randy Fuller made a motion to approve the minutes of the April 2025 meeting. Coy Altemeyer seconded the motion. Vote taken; motion passed. Those in favor: Mike Garlock, Coy Altemeyer and Randy Fuller. Those opposed: none.
- Coy Altemeyer made a motion to approve the financials for April 2025. Randy Fuller seconded the motion. Vote taken; motion passed. Those in favor: Mike Garlock, Coy Altemeyer and Randy Fuller. Those opposed: none.
- Randy Fuller made a motion to approve the Billing Registry for April 2025. Coy Altemeyer seconded the motion. Vote taken; motion passed. Those in favor: Mike Garlock, Coy Altemeyer and Randy Fuller. Those opposed: none.

Doug August asked when the road by the Booster Station was going to be fixed. He said there is a lot of gravel on the road and cars can't hardly get up it. Don said we could put cold patch on it and let Midstate Paving complete it, but it would take a lot of cold patch. Mike will check with Jamie on their plans for the road and will let Doug know.

Don hasn't heard anything about the grant for the service line inventory. We got them everything they need for the inventory, but a lot of them had to be marked unknown. The ones marked unknown will have to be sent a letter.

The Booster Station has been plumbed. Don is waiting on transmitters to arrive. There was nothing in the plans about transmitters which is why he didn't have them already.

We still have 2 board member openings. Dave Dietrich said he was interested and would be here for the meeting.

Midstate sent Don a quote for \$9550 for the manhole at the beach. Mike was told last Wednesday that they would start in a week or so. PVPOA is going to share the cost.

We passed our water system inspection. They didn't find anything wrong. They did say we might need a second well soon because we are getting close to 500 people. The cost was 1.5 million for a second well when we had our water system study a few years ago.

Kevin and Jeremy have been flushing manholes the last couple of weeks. They finished Woodson today.

We might have to put in a road leading up to the sand and gravel pit. Don isn't sure if they can get in there without getting stuck some days.

- Coy Altemeyer made a motion to adjourn at 5:35. Randy Fuller seconded the motion. Vote taken; motion passed. Those in favor: Mike Garlock, Randy Fuller and Coy Altemeyer. Those opposed: none.
