Laura asked about getting a larger, waterproof drop box. She will look for one that is a mailbox and drop box combined.

Jim Martin made a website for us. All our information will come off the PVPOA website. There will be a pointer on their website for ours and vice versa.

- Randy Fuller made a motion to approve the website: peacefulvalleywater.com. Chris Berry seconded the motion. Vote taken; motion passed.

Randy is getting bids for an electronic gate at the new plant. One bid doesn't include having electric run, so he is getting bids for that too.

There was discussion about giving credits for outages or low pressure. No one was in favor of doing it. Don ordered the parts for the Booster Station, but they haven't come in yet.

Don asked to buy curbing to be placed on the edge of the parking lot to keep the dirt from running into the parking lot when it rains. David and Chris think grading the area will work better. They will get some prices for having it done.

The alarm was going off when Laura got to the plant this morning. Don thinks we should go ahead and get the SCADA system.

- Randy Fuller made a motion to approve getting the SCADA system. David Dietrich seconded the motion. Vote taken; motion passed.
- David Dietrich made a motion to adjourn at 5:58. Jim Martin seconded the motion. Vote taken; motion passed.
