Minutes for the PWSD #1 of Gasconade County board meeting held on July 21, 2025.

Meeting was called to order at 4:58 by Mike Garlock. Those in attendance were Mike Garlock, Randy Fuller, Coy Altemeyer, David Dietrich, Don Burrows and Laura Buck. Brian Gentges and Doug August were visitors.

Brian gave an update on the WWTF: We are still waiting on the mixer; it's supposed to be here July 25th. We are also waiting on the control panel that should be here September 9th. Brian suggested we look into getting a SCADA system. It is a program that monitors everything and sends an alert if there is a problem. We can use a portable generator for back up if needed.

Brian received a bid from Midstates to pave the road going to the plant. It seemed high, so Randy got two bids. One of them was higher and one of them was lower. The company with the lower bid can't get to it until next year.

Doug August asked Don about his water pressure. Don said there must be air in the lines and there is no way to flush that line. Doug thinks he found his water shut off on the other side of the street in the ditch.

- Randy Fuller made a motion to approve the minutes of the June 2025 meeting. Coy Altemeyer seconded the motion. Vote taken; motion passed.
- Coy Altemeyer made a motion to approve the financials for June 2025. David Dietrich seconded the motion. Vote taken; motion passed.
- David Dietrich made a motion to approve the Billing Registry for June 2025. Coy Altemeyer seconded the motion. Vote taken; motion passed.

There was discussion about the furniture and other items needed for the new plant.

Mike suggested having an open house for the new plant. Everyone agreed. It will probably be on a Saturday in the spring.

Don doesn't think there is anything else we need to do for the service line inventory. He has tried multiple times to call the guy about the grant but he hasn't answered.

The Booster Station is up and running. Don is trying to figure out how to get the air out of the line.

There have been 2 problems with the compactor already. It had to be cleaned out by hand because people are still flushing wipes.

- Randy Fuller made a motion to adjourn at 5:57. David Dietrich seconded the motion. Vote taken; motion passed.
